

Vitor Correia

Frontend Developer

PROFILE

I am a 2-years experienced frontend developer, graduated at Concordia bootcamp, looking for a long term job where I can keep learning and add my values as a team player who builds confidence and trust at all levels.

EXPERIENCE

PYX4

Frontend Developer

AUG 2021, Montreal, QC – To Present

- Analyse, develop and improve application modules using React & Typescript.
- Add test coverage to components using Jest.
- Refactor components turning them into generic and reusable.
- Fix application issues reported by customers.

Achievement: Reduced loading time of some pages by 30%.

TAILBASE

Web Developer

OCT 2019 – AUG 2021, LAVAL, QC

- Responsible to set up and launch websites for new clients.
- Help the support team to make changes to websites according to customer requests, reducing the response time.
- Add new features, make changes to the models and deploy them, respecting the tasks assigned to me in the sprint meetings.
- Manage tickets at JIRA/DevOps, always respecting the delivery time.
- Help the designer to create and update Wordpress websites.
- Join Agile meetings and share ideas to define the tasks for sprints.

QA Analyst

NOV 2018 – OCT 2019, LAVAL, QC

- Assessing and test user interface (UI) new websites functionalities, to increase sales and reduce further support tickets.
- Identify and document bugs to developers through JIRA tool.
- Follow opened tickets progress.
